Technical Consultant Data Analytics (m/f/x)

Wanted: Curious IT enthusiasts who want more!

We are looking for you as Technical Consultant Data Analytics!
You are a team player with strong communication skills and high self-motivation - ready to acquire the necessary expertise and skills to provide the best possible service to our customers.

Does this sound like you?

Your Tasks:

- Consulting for our German enterprise customers in the analysis and processing of large data volumes
- Presentations to customers with demonstration of technical solution competence
- Implementation of our individual solutions in coordination with the customer
- Consulting with our customers based on our product portfolio
- Support of the sales department in the offer phase

Your Profile:

- Degree in computer science, business intelligence or comparable training
- Linux knowledge
- Knowledge in Linux Shell Scripting advantageous
- Knowledge of Windows systems as well as AD environments is a plus
- Experience in the area of data analytics with mass data is an advantage
- Knowledge of log file management based on Splunk is an advantage
- practical experience in script languages like Python, Bash or Perl is an advantage
- Distinct service orientation and personal responsibility
- Reliability and communication skills in dealing with customers
- Strong analytical skills and a hands-on mentality
- Team-oriented, independent and structured way of working
- Very good German and English skills

A varied daily routine is all well and good - but by no means everything.

We offer you:

- A strongly expanding market in which you can supervise projects on your own responsibility
- The chance to benefit from the know-how of a team of experts who contribute to the success of customers' projects with innovative approaches to solutions
- A challenging task with a lot of freedom and responsibility in a company with well-known references
- A friendly working atmosphere
- Regulated home office and co-working spaces in the office
- Optional 4-day week
- Allowance for company pension plan
- 30 days vacation per year
- Paid time off for special occasions (e.g. wedding or birth of a child)
- Employee-recruit-employee bonus
- Teammates who take exchange and mutual support for granted
- The opportunity for continuous education
- Very central location in the city of Munich
- JobRad - Bicycle leasing at great conditions
- Fair salary from the day one
